Make-ups & break-ups!

So all that love floating around last week? Yeah, forget it! This week, it's all about broken hearts and promises.

Becks, we're looking at you (p32)!

As if Gwen and Gavin's split (p18) wasn't enough to trigger a chocolate binge, Zayn also ditched Perrie – for Harry (p10)! Cue sobs and confusion.

But it wasn't all doom and gloom. After years of engagement, Jen and Justin finally tied the knot. And in case you didn't score an invite, we've got all the deets on page 12.

If that doesn't restore your faith in love, though, there's always Lenny's video to cheer you up! LOL!

Enjoy the issue!

Lenny hangs loose!

If there's one way to, er, thrust yourself into the limelight, it's having your leather pants split wide open. Live on stage. While you're going commando. Isn't that right, Lenny Kravitz! Yup, front-row fans got more than they bargained for when the rocker's wang made an impromptu appearance during his gig at Stockholm's Gröna Lund theme park last week! And yes, it's pierced. In fact, news website Pophitch describes Lenny's junk jewellery as a "gold hoop, inset with a diamond taken from a pair of his mum's old earrings". Weird.

Inside her unsafe
quest to be skinny

There's no denying Khloe Kardashian looks ridiculously fit with her ripped, rock-hard physique.

But is the self-confessed gym junkie taking things too far?

It seems shedding a massive 16kg wasn't enough for body-conscious KoKo, who we're told is ramping up her diet and fitness regimen to scary new levels in a bid to slim down to a tiny size-zero!

"She easily fits into a size-six, if they're adjusted for her bust and butt," says our source. "But she's not stopping there."

Worryingly, though, it's the fat taunts the 31-year-old received growing up that are motivating her to achieve her goal.

"It's a revenge body... for all my critics who called me 'the fat one' for my entire existence," she reveals.

And we hear the star's concerned klan are now set to stage an intervention to stop her get-fit campaign turning into a deadly obsession.

As well as admitting to doing 10,000 squats in her most recent slimdown effort, sources say Khloe's squeezing in epic

**KHLOE'S

WARDROBE**

"I'm in love with my fitness closet! It's my favorite closet," gushes Khloe, who opened up her colour-coded walk-in to *Self* magazine. "I genuinely show it off to all of my friends when they are over."

ADDICTED to obsession!

six-hour workouts whenever her schedule permits.

Indeed, during her recent trip to Sydney, the already-svelte star shrugged off jet-lag to hit the hotel gym at 1.30am!

What's more, KoKo – who openly admits exercise becomes “addicting once you start losing weight” – has cut her daily kilojoule intake.

“She panics when she eats pizza and counts fries she consumes on a cheat day,” says our source.

Adding to her woes are super-skinny sisters Kendal, 19, and Kylie Jenner, 18, who Khloe envies for being able to eat anything without gaining weight.

“I’m not going to put on a bikini, sit on the floor with my legs crossed and eat a burger,” Khloe says. “When I see my little sisters do that, I’m like, ‘Ugh, these bitches.’”

**‘SHE PANICS
WHEN SHE
EATS PIZZA’**

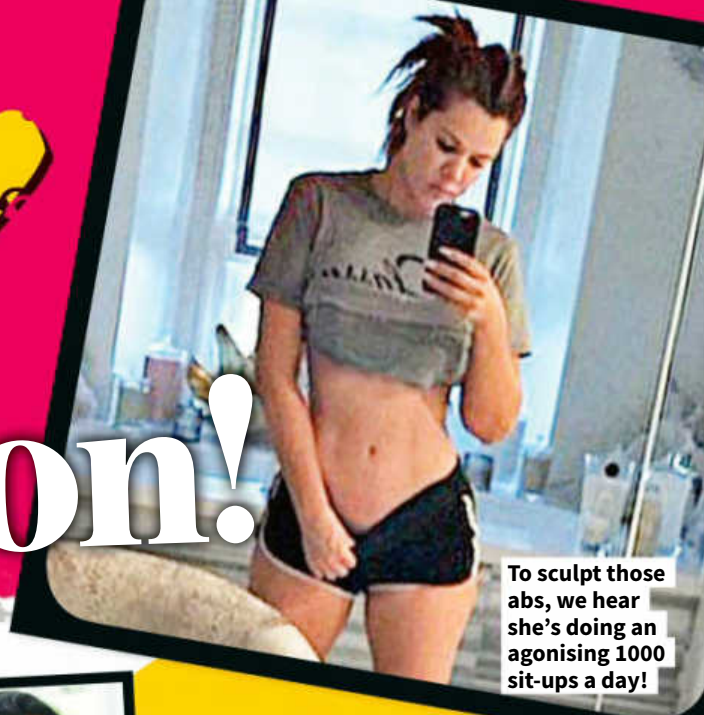

But look out, Kendall – Khloe has you in her sights!

“She even teased Kenny that her goal is to make her look fat one day,” says our source.

Still, it’s going to take more than a stern talking-to from sisters Kourtney, 36, and Kim, 34, to stop fitness-freak Khloe, who says she’s feeling good about herself for the first time since her four-year marriage to Lamar Odom hit the skids in 2013.

“Toward the end of our union... I needed a release,” says KoKo of her road to gym addiction. “At first it was so hard. It was baby steps, but I started feeling so much better.”

You’re already the hottest Kardashian, KoKo – why not take it easy? ■

To sculpt those abs, we hear she’s doing an agonising 1000 sit-ups a day!

Saving Khloe

With Khloe’s symptoms sounding a lot like hypergymnasia – an eating disorder combined with the compulsion to exercise excessively – Kourt and Kim are stepping in!

“Her family think she’s getting very skinny,” says our source.

“They think she’s throwing herself into the gym in order to get super-skinny to impress her exes.”

Kourt & Kim stage an intervention

THE KOKO EXPERIENCE

Business-savvy Khloe’s gearing up to start her own subscription video website to market her fitness and diet advice, with plans starting from as little as US\$9.99 a month. “She’ll be devising workouts you can do anywhere,” says an insider. “It’s for all levels.” It sure doesn’t sound like she’ll be slowing down any time soon!

Zayn

LEAVES

The boy band babes gear up to make sweet music together!

Dumping your fiancée for another woman is one thing, but Zayn Malik has taken the bro code to another level by ditching Perrie Edwards to be with former One Direction bandmate Harry Styles!

But it's not what you think...

Shortly before Zayn, 22, called time on his five-year romance with the Little Mix singer, we're told he asked Hazza to work on some music with him. And with the 1D boys set for an extended break next year, Harry told Zayn he'd consider it – but only if he dumped high-maintenance Perrie, who Hazza blames for the rift in the band!

"Any such collaboration would never have happened when Zayn was with Perrie, because Harry thought she was too controlling," says our insider.

"But now that Zayn's single again, it's game on!"

And while it's widely believed that Perrie, 22, pushed Zayn to leave One Direction in March so they could spend more time together, her plan seems to have backfired in a big way!

Just hours before Perrie hopping on a flight to LA last week, she seemed on top of the world. But by the time she landed, her mood had taken a major nosedive – because Zayn

GENEVA @genedotcom Aug 4
She deserves so much better than to be treated how she has for so long. So many lies and so much deceit. So wrong. She will come out strong.

IS ZAYN CRUSHING ON KYLIE?

Zayn was busted trawling through Kylie Jenner's social media pics in a big way when he favourited this sexy selfie of her – from last month!

Given he's only favourited about 10 tweets in his entire life, it speaks volumes! In fact, friends say he had his eye on her when he was still with Perrie.

"Zayn has a huge crush on Kylie," says a pal. "He thinks she is absolutely the sexiest girl in the world and is always checking out her Snapchat videos." Cool it, Zayn!

Zayn really likes Kylie's pic – from last month!

PERRIE for Harry!!

Harry and Zayn's bromance is impossible to compete with...

dumped her via text while she was in the air!

Publicly, of course, Perrie insists, "I'm good, thank you," behind the scenes we hear that the heartbroken star is reeling.

"It's unbelievable, he's an immature little boy with no thought for anyone else's feelings," says a friend.

"He ended their engagement with one text! She's devastated... but is doing her best to focus on work and put on a brave face in public."

Meanwhile, if Perrie needs a sympathetic shoulder to cry on, she need look no further than Zayn's other ex-girlfriend Geneva Lane!

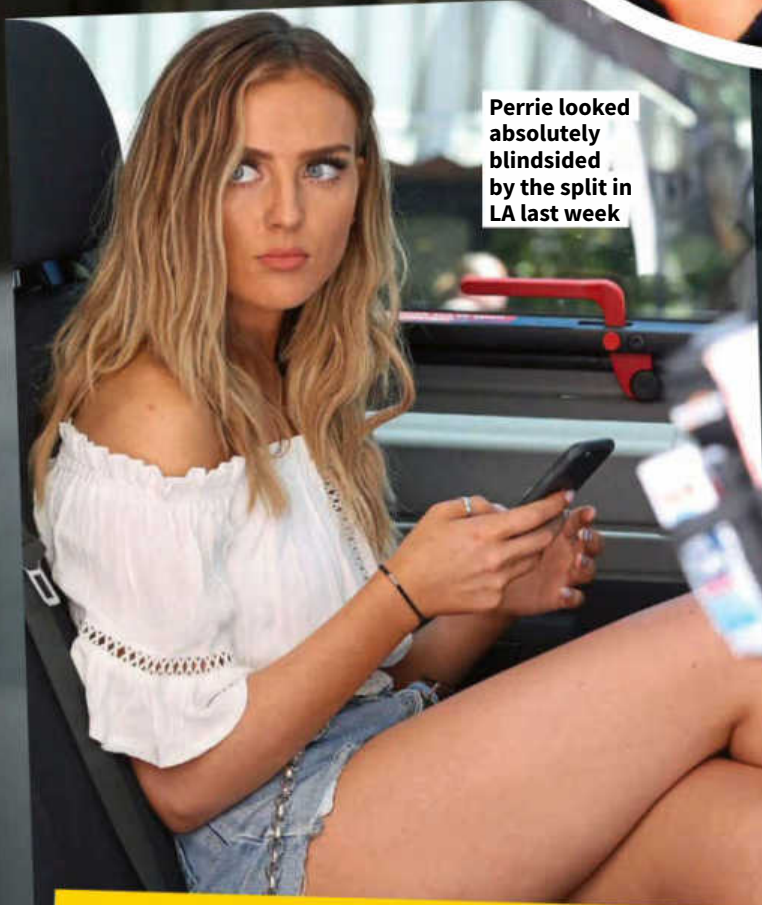

The outspoken brunette, who dated the Directioner in 2010 when they were both on UK *The X Factor* – the same place he met Perrie – has slammed Zayn for his behaviour.

"Lol... Saw that coming. Dunno how she didn't realise sooner what massive c*** he is," Geneva tweeted. "She deserves so much better than to be treated how she has for so long. So many lies and so much deceit. So wrong. She will come out strong."

But with Perrie out of the picture, the sky's the limit for Zayn and Harry, 21, who are in the market for an LA bachelor pad to party in.

"Zayn seems to be settling into the Hollywood lifestyle," reveals a friend.

Lock up your daughters! ■

Perrie looked absolutely blindsided by the split in LA last week

Liam goes solo!

Could this be the end of One Direction? Following Zayn and Harry's elopement and news of Louis Tomlinson's impending fatherhood, Liam Payne has admitted he's been writing songs with his girlfriend Sophia Smith – creating panic among fans that he's planning to leave the band. "I sit down and [write songs] with my girlfriend and with a couple of lads that I know," the 21-year-old revealed. And then there was one... Poor Niall!

"I'm not going anywhere. Yet..."

He's removing his Perrie tattoo!

Putting paid to any hopes we had of a reconciliation, Zayn's already taking steps to redesign the cartoon inking of his former fiancée he had etched on his upper arm!

"He's planning on having his favourite tattoo artist turn it into a lotus flower," says an insider.

"He knows it has to go as his future girlfriends aren't going to want to look at Perrie's face when they're with him."

Good thinking, Zayn.

**NEWLYWED
BABYMOON!**

A glowing Jennifer – with a suspicious bump! – and her new hubby Justin looked relaxed and loved up as they boarded their private jet at Van Nuys Airport to Bora Bora for their honeymoon the following day.

Woah,
mamma!

& Justin Wedding & baby!

Introducing Mr and Mrs Theroux – and bump!

We've been waiting a long time, but it's time to pop the bubbly because after a three-year engagement, Jennifer Aniston and Justin Theroux have tied the knot!

What's more, the new husband and wife may be gearing up for a double celebration amid rumours Jen's expecting. Hurrah!

And thanks to some seriously stealthy planning, Hollywood's most anticipated wedding in yonks – held at Jen and Justin's Bel Air mansion – flew totally under the radar!

To keep it all under wraps, drones patrolled the property and security guards were hired to keep trespassers away. There were even sniffer dogs to track down mobile phones!

Even guests were kept in the dark until the very last minute, thinking they were there to celebrate Justin's 43rd birthday – only for Jen to step out in a stunning wedding dress!

And needless to say, the bride looked truly beautiful.

Jen wore a custom-made gown, hair guru Chris McMillan managed her iconic mane, make-up artist Angela Levin had her looking perfect and Jen's close friend Jennifer Meyer designed the rings.

As for the bridal party – that is, the couple's pampered pooches

Sophie and Dolly – they were given a doggy overhaul courtesy of LA pet preeners Spa Dog!

A large marquee in the fairy-lit backyard gave them privacy to say their vows, while tasteful table settings with cushion-style seating for 74 were laid out beneath the leafy canopy.

Guests included singer Sia – who serenaded the newlyweds – and Jen's *Friends* co-stars Lisa Kudrow and Courteney Cox, who hit the dance floor until 3am after the couple cut their Muppet-inspired novelty wedding cake.

**'THEY
CALLED IT
THE MOST
WONDERFUL
DAY OF THEIR
LIVES'**

"Jen and Justin called it the most wonderful day of their lives," reveals our exclusive insider.

"It started as a light-hearted affair but once the enormity of the situation sank in Jen, was very emotional.

"She was hugging everyone and sobbing with joy."

But Jen, 46, and Justin saying, "We do," wasn't the only surprise. In her first public sighting since June, Jen was sporting a noticeable bump when she boarded a private plane bound for her Bora Bora honeymoon – or should that be babymoon?

"There are rumours sweeping Hollywood it was a shotgun wedding – after all, it's no secret she and Justin are trying to conceive," says our source. "If she's not pregnant now, it's just a question of when."

Congratulations, guys! ■

Inside the big day

THE VENUE

The pair decked out their sprawling Bel Air mansion for the event, covering the pool with a wooden dance floor for the reception, while the ceremony is thought to have been held in the tent nearby. And guests dined alfresco under thousands of twinkling lights!

THE DRESS

While official details are yet to be released, speculation is rife that Jen may have worn a Versace dress similar to the stunning number she rocked at this year's Oscars!

THE MUSIC

It's no wonder guests were cutting a rug until 3am considering Sia was on hand performing smash hits like *Chandelier*!

THE RING

Jen's long-time friend, jeweller Jennifer Meyer, is thought to have designed a dainty band to go with Jen's eight-carat radiant-cut diamond engagement ring worth \$500,000. She also made a band for Justin, which Jen's hinted in the past would be inscribed on the inside with her name.

THE CAKE

Jen's made no secret about her obsession with the Muppets, so it's no surprise that the bride eschewed a traditional tiered wedding cake and opted for a fun, puppet-inspired design.

THE GUESTS

It was a star-studded affair, with A-listers Chelsea Handler, Jason Bateman, Emily Blunt and John Krasinski, Ellen DeGeneres and Portia de Rossi, Will Arnett, Terry Richardson and Jimmy Kimmel all celebrating with the couple, who had family hand-deliver the invites. Jen's mother Nancy Dow – who wrote a tell-all about her daughter in 1999 – wasn't invited despite the pair reconciling last year. "I think it's wonderful!" Nancy said of her daughter's news.

Scott begs ‘Take b

The lonely party boy is desperate for one last chance with his family!

After checking out of his 10-year romance in a blaze of vodka and philandering, it's taken Scott Disick just three weeks to realise he's made an epic mistake in letting his baby mama Kourtney Kardashian go. Clearly missing long-suffering Kourt and their kids – Mason, five, Penelope, three, and seven-month-old Reign – Scott posted a lonely Instagram snap of a table card from his bestie JJ Corsini's wedding that simply had “Scott Disick guest” instead of Kourtney's name.

“When u realize the grass isn't always greener,” he captioned it.

And having realised single life isn't what he'd imagined, Scott's been blowing up Kourt's phone in the hope of convincing his ex to give him one last chance!

“Scott is very remorseful. He'd love to be able to turn back time and just erase this whole nasty situation,” spills our exclusive insider. “He's been calling Kourtney crying and begging her to take him back.”

THE ULTIMATUM

Kourtney's heard it all before and she won't be suckered again. She's insisting Scott completes a three-month stint in rehab before she even considers giving their relationship a another shot!

gs Kourt e me back!"

But while Scott, 32, has always managed sweet talk his way back into Kourtney's good books in the past, his old tactics are proving unsuccessful.

Indeed, despite managing to convince Kourt's sister Khloe – who admits, "You can't deny how much he loves Kourtney" – that he deserves another shot, Kourtney's resolved not to be swayed so easily this time around.

The 36-year-old has offered to pay \$250,000 towards a one-month stay at Passages Malibu rehab clinic and a further two months at a sober-living facility – and she's only prepared to talk once he's successfully finished the program.

"The only way Kourtney will give him another chance is if he goes to rehab," adds our insider. "He is terrified of more rehab, but he's more scared of losing his family. Hopefully he wants her bad enough to kick his party habits and fight for his family." ■

A very sorry boy...

IN BLACK AND WHITE

When Scott attended his best friend's wedding solo and found this place card next to his seat, the reality of being single finally hit him. Since then, he's been begging Kourtney for another chance.

Caitlyn in crisis!

She claims she's happier than ever, but in truth Caitlyn Jenner is struggling with the pressure of becoming a spokesperson for the transgender community.

In the opening scene of her *I Am Cait* series, a sleepless Caitlyn stresses about her new role.

"Am I going to do everything right? Am I going to say the right things? Do I project the right image? I just hope I get it right," she says, adding that her struggle has seen her having suicidal thoughts. "I've been in my home with a gun and said, 'Let's end this right here.'"

Adding to her woes, a 50 per cent drop in viewers has prompted speculation her reality show might be axed!

Ben's

BABYDADDY drama

The newly single actor's about to find out that karma's a bitch!

Ben Affleck might think life as a bachelor would be all boys' nights and babes, but he couldn't be more wrong.

Yup, it looks like newly single star's jumped out of the frying pan and into the fire amid reports his nanny-turned-girlfriend Christine Ouzounian is set on getting pregnant with his baby!

And while his rep has labelled the relationship whispers "complete garbage", Ben's wannabe babymamma has reportedly shown friends intimate pics that prove there's something going on.

"It's clear that Christine is an opportunist," a source tells Radar Online, adding that the money-minded

28-year-old had been sleeping with Ben, 42, since she was hired by his long-suffering wife Jennifer Garner, 43, earlier this year to watch over their kids Violet, nine, Seraphina, six, and Samuel, three.

"[Christine] was trying to seduce him," says the source.

"She wants to be in the family way!"

And it seems Ben's putting up little resistance now that he's a single man – Christine was snapped on July 17 arriving at his LA bachelor pad armed with a bottle of bubbly.

Celebrating? At a time like this? ■

In the lap of luxury...

Since news of their alleged affair broke, Christine has been happily hiding out at the Hotel Bel-Air at Ben's expense!

"[She's] living the high life holed up in a swanky suite and Ben is paying for all of it," a source tells US mag *In Touch*.

Gwen & Gavin

It's over!

The secrets, the lies and the lover who brought down music's hottest couple

Unable to ignore the skeletons in Gavin Rossdale's closet, Gwen Stefani has filed for divorce.

Yep, it seems she was no longer able to trust him after he finally 'fessed up in 2010 to having a love affair in the '80s with UK pop star Marilyn – aka Peter Robinson – despite denying it ever since Marilyn's ex Boy George outed him in 1995.

"I spoke to Gavin a couple weeks ago. He called me," Marilyn reveals, adding that Gavin, 49, admits the split is his fault. "Gwen wants him to be something he's not, and he wants to be something he's not."

What's more, Gwen, who has three sons – Kingston, nine,

Zuma, seven, and 17-month-old Apollo – with Gavin, has spent much of their 13-year marriage wondering what other secrets he's been keeping.

Indeed, she was shaken to the core when it emerged in 2004 that he'd fathered a lovechild – UK model Daisy Lowe, 26 – with fashion designer Pearl!

As a result, Gwen, 45, has become so paranoid, she's even convinced the Bush frontman cheated on her with their nanny!

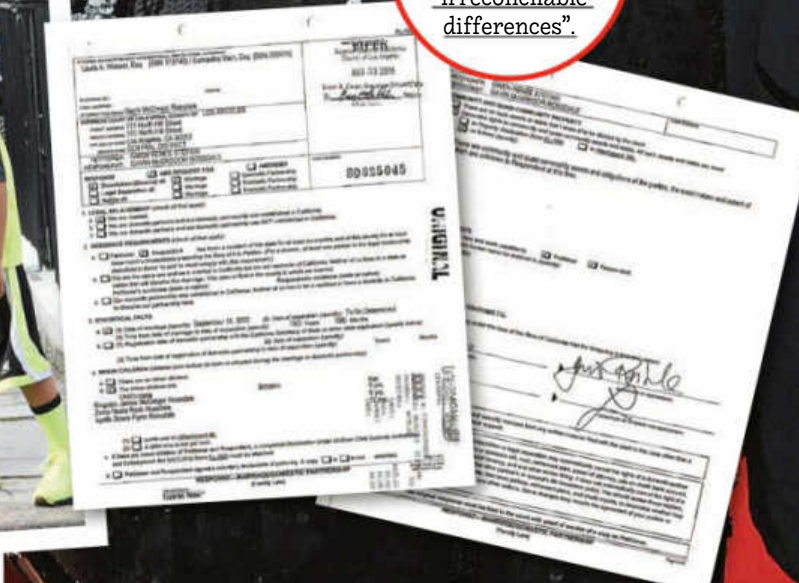

"If there has been infidelity, then this is going to get extra nasty," says our exclusive insider. "If he has cheated, it's a shame he didn't want to try and fix things before finding comfort in someone else's arms."

Acting the part

"They tried to keep up appearances over the past year," says our source.

The proof

Gwen was the first to file papers, citing "irreconcilable differences".

Miley Cyrus and her girlfriend Stella Maxwell are all but over now that the twerker has eyes for another woman – Kristen Stewart!

And the 22-year-old certainly wasn't trying to hide her latest crush when she uploaded a snap of the *Twilight* star to Instagram, captioning it, "K Stew is hot."

This girl doesn't beat about the bush!

"She's enjoyed her time with Stella, it's been a fun adventure, but she wants to experience other girls and Kristen ticks every box in terms of sex appeal," says our exclusive insider.

"Her moody pouting and androgynous style is a turn-on to Miley. She loves how Kristen can look sexy without making an effort."

And ever since Kristen, 25, was spotted arguing with her girlfriend Alicia Cargile last month, we're told Miley's been waiting in the wings for them to part ways for good.

Now, she's laying the foundations for a meeting by asking pals for an introduction!

"Miley's biding her time," adds our insider. "But when they're together in the same room she will make a move, without a shadow of a doubt."

MARIAH & JAMES

Pregnant and alone?

3

When Mariah Carey's beau James Packer was spotted looking cosy with his ex-wife Jodhi Meares at an event in Sydney on August 1 – with Mimi nowhere to be seen – it set alarm bells ringing.

Indeed, our insider confirms that the billionaire has dumped the 45-year-old.

What's more, while James, 47, and Jodhi stayed on good after since their split 13 years

ago, eyebrows were further raised when Jodhi, 44, shared a romantic poem on Instagram!

"I will remember the kisses our lips raw with love," the Charles Bukowski poem began.

Making matters worse are the heartless claims Mariah could be carrying James's child!

"She's distraught that things have ended so abruptly. Word is he's already hooking up with his ex Jodhi, so Mariah feels utterly humiliated right now," says our exclusive insider.

"What's worse is this rumour she could be pregnant. It was no secret she was hoping to have a baby with James, so there's potential for disaster."

Stars WITHOUT MAKE-UP

Bare-faced is where it's at!

They may have a glam squad on speed dial to ensure they're picture-perfect on the red carpet, but even Hollywood's glitterati need days off from the slap!

And underneath all that war paint, they're just like the rest of us...

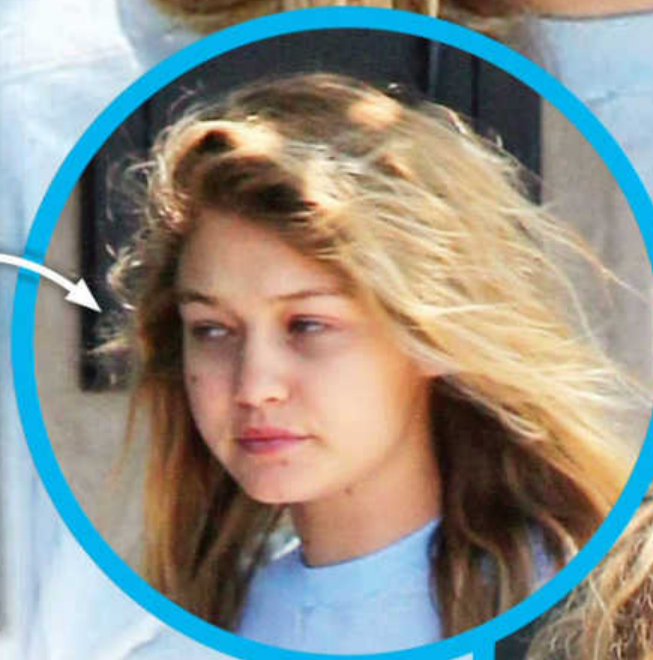

GIGI HADID, 20

Her perfectly put-together appearance has won her lucrative modelling gigs and an army of adoring fans, but Gigi let her natural beauty shine through as she left her boyfriend Joe Jonas's LA pad sans make-up.

"I don't wash my hair every day, which is what keeps it healthy because

that way it doesn't dry out," reveals the blonde beauty, who also says, "I would always rather be in bed than out."

We bet you would, Gigi! Although judging by her bed-head it doesn't look like the leggy lady's been getting much sleep lately... Ah, young love!

Kiss and make-up?
Gigi's halfway there as she smooches her beau Joe in LA on July 28

CAMERON DIAZ, 42

Cam suffered from acne in her younger years, and says it taught her how to look after her skin. "Acne was my body's alarm system, it was my way of telling to [stop eating junk]," she says.

KYLIE JENNER, 18

"I never really wear make-up unless I need to, because when I do my make-up I like to really *do* my make-up!" says the image-obsessed teen. "So I'm never going to spend just 20 minutes, you know?"

PORTIA DE ROSSI, 42

"The one thing I don't wanna do is chase what I looked like at 20," says Portia, who credits her natural glow to a vegan diet.

KATIE HOLMES, 36

Tom Cruise's ex is perfectly happy in her own skin. "I don't look good with too much make-up on," says the mum-of-one.

DEMI LOVATO, 22

Demi insists on slap-free days – and she's been posting selfies on Instagram with the hashtag #nomakeupmonday. Hot!

JESSIE J, 27

She says she looks "rough" with no make-up, but we beg to differ. Jessie's just as cute when she leaves her beauty bag at home.

HEIDI KLUM, 42

"I don't like a lot of fuss," she reveals. "I look like I'm high-maintenance, but if you look in my bathroom, I don't have 10,000 products."

LADY GAGA, 29

Gaga's happy to go without. "I've come to a place in my life where I've accepted things that are me," she says. "I'm confident in who I am."

**JULIA

"I'm maturing as a person and as an actress, and that's exciting," reveals Julia, who sticks to a modest beauty regimen.

**NATALIE

"When I wake up on a Sunday morning with a hangover, in the gym with no make-up on, that's who Natalie Dormer really is!" she says proudly.

**DEBRA

"I never take off my false eyelashes. I sleep in them," the *Geordie Shore* starlet once said. Thankfully, she's changed her tune!

**JESSICA

**ELLE

"I don't think you should try to be anything you're not," says the actress. "Don't try to put up something that's fake."

**TYRA
BANKS, 41**

Tyra may "love the confidence that make-up gives" her, but resisted the urge to "smooth out my dark circles" in this slap-free selfie, writing, "You deserve to see the REAL me."

**VICKY
PATTISON, 27**

"I feel much more confident with it all on - tan, concealer, foundation, powder, bronzer, blusher, mascara, eyeshadow, false lashes, the lot!" she says. Well, you look just as fab without it, Vicky!

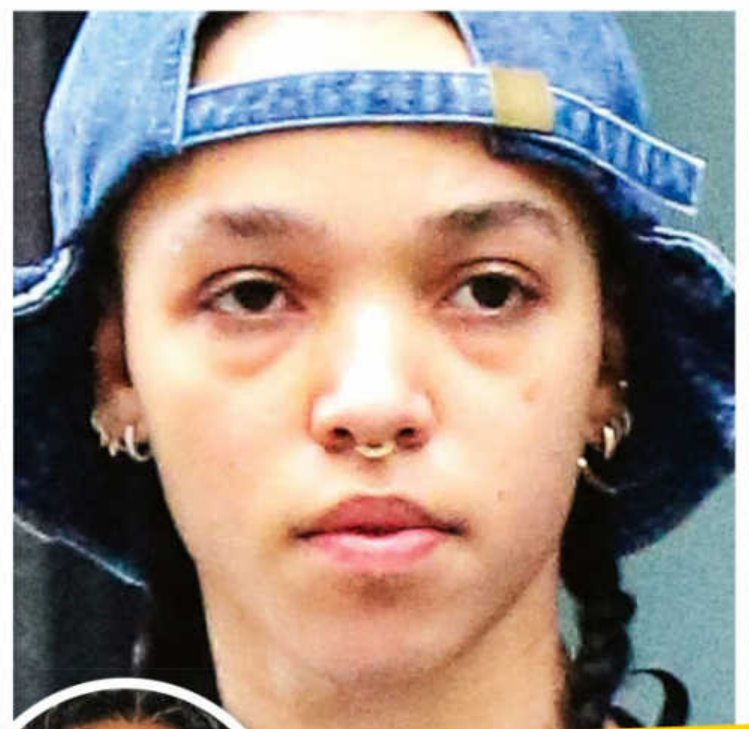

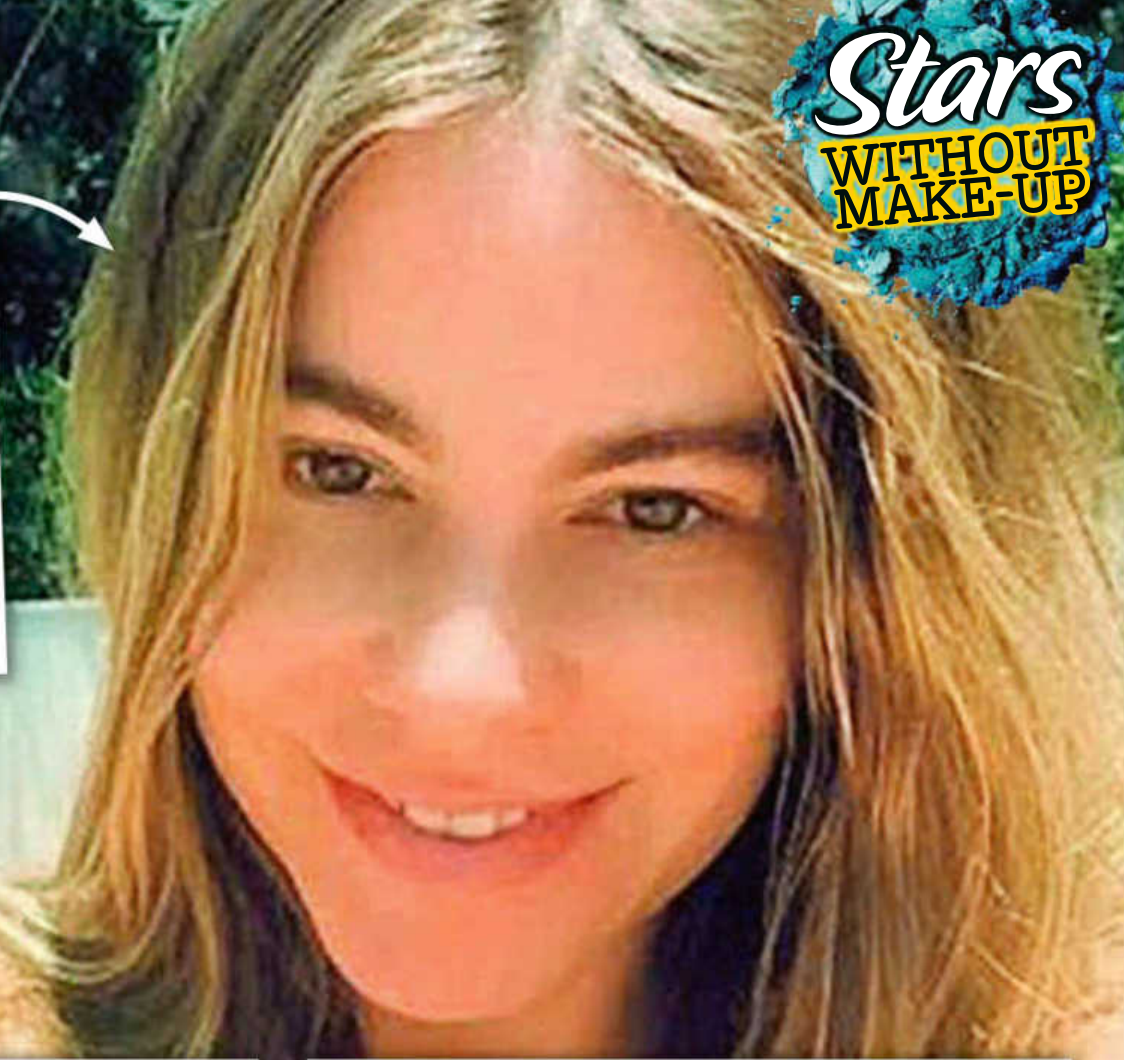

Stars WITHOUT MAKE-UP

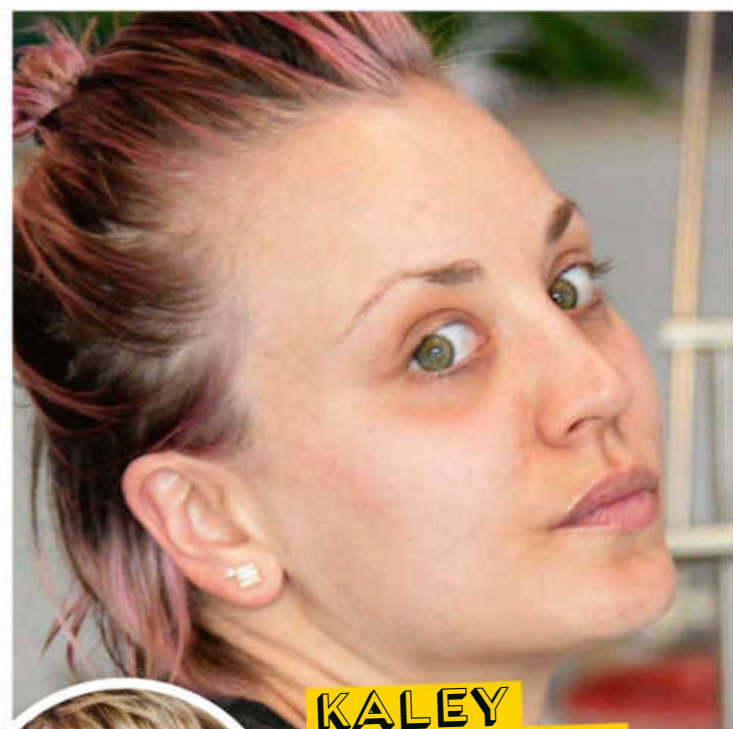

**SOFIA

Despite insisting she hates “leaving the house without lipstick, some blusher or mascara”, the *Modern Family* actress looks stunning in this au naturel Instagram snap taken in her backyard!

FKA TWIGS, 27

“I craved war paint so I could stomp through my shows,” says the Brit singer, who opts for a beauty boost even “when I go out casually”. Looking at her tired eyes, though, she forgot to get dressed for battle!

**KALEY
CUOCO, 29**

“Unless you’re Gisele, you wake up some days and feel ugly,” says Kaley. Sorry, girl, but if this make-up-free look makes you feel ugly, you need your eyes checked!

Tyga GOING FOR and after million

We ain't sayin' he's a gold-digger
– but she's paying his bills!

The legal dramas just keep coming for Kylie Jenner's rumoured hubby Tyga, who's seen more lawyer's bills than hot dinners lately!

In fact, after being hit with yet another – with Las Vegas promoter Z Entertainment seeking \$140,000 for an alleged breach of contract – he's said to be on the verge of going broke.

And with a mounting pile of debts, it's hardly surprising

people are starting to question Tyga's motives for being with multi-millionaire Kylie – especially considering she's started covering his bills!

We hear the rapper's 17-year-old significant other has even agreed to pay the \$70,000 he owes in rent on his pad, as long as he agrees to ditch it and move into her \$3.7 million mansion. And that's just the tip of the iceberg!

"Tyga's said to be worth around \$5 million, but that's a hugely inflated figure. Now that his album's flopped, he hasn't got anything coming in," says our exclusive insider. "So Kylie pays for all their private jets, hotels, and nights out, too!"

Adding to 25-year-old Tyga's financial woes, he's also being sued by a former landlord

for around \$110,000 and owes \$35,000 as part of a settlement deal he struck with backing dancer Allison Brown, who accused him

Kylie is footing the bill for her wayward beau

She wants Tyga to move into the plush five-bedroom mansion she bought earlier this year

OR BROKE

of sexual assault back in 2011.

It's also thought Tyga could owe his babymamma Blac Chyna a six-figure sum in child support back payments!

But as *NW* reported last week, Tyga and Kylie have tied the knot in secret, meaning he now has access to her expanding fortune, which sources estimate could balloon to \$500 million in the years ahead!

And now that she's 18, her finances are no longer controlled by her mumager Kris Jenner, making it even easier for Tyga to get his paws on her cash.

There's even talk he could land a lucrative spot on *Keeping Up*

With The Kardashians. Indeed, with Kourtney Kardashian and Scott Disick's relationship over, show bosses are on the lookout for another controversial couple to take their place!

But while Kylie is more than willing to share the love – and the loot – the same can't be said for her worried family.

"Kylie's spending more money on Tyga than on herself," says our exclusive insider.

"It's setting off alarm bells for Kim and Kris – Kylie's fortune is just starting to build up and they're not going to just sit back and watch her give it all away!" ■

How time flies!

Ahead of her youngest daughter Kylie's 18th birthday on August 10, nostalgic mamma Kris Jenner shared this barely recognisable throwback snap! Aw...

krisjenner Morning freckle face! You are almost 18!!!!!! I love you @kyliejenner #lovebug #obsessedwithher #BLESSED #mybabygirlalways

Will debt-ridden Tyga get his claws into Kylie's koin?

Kylie KASHES IN!

Tyga has good reason to celebrate her milestone birthday! Once Kylie hits the big one-eight, she'll...

1 Be a home owner!

Kylie will be the official queen of her very own \$3.7 million Calabasas mansion. Not bad for a teenager.

2 Have a music career!

Her brother-in-law Kanye's birthday gift will be to work on her tunes! "He says he wants to give her the gift of producing her first single," reveals a source close to the music mogul.

3 Make it rain!

She'll have free rein of her estimated \$7 million fortune, without Kris controlling her spending!

4 Hire her boyfriend

Tyga could land a role in *KUWTK* and a share in the \$135 million deal the family reportedly signed this year!

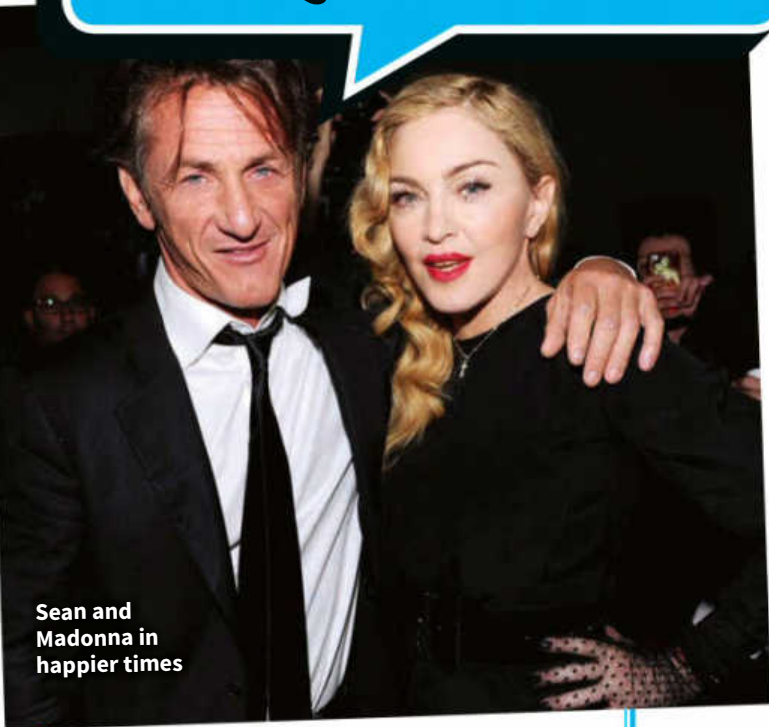

Kanye steps in!

After offering to produce Kylie's first single, Kanye West is doing everything he can to protect his sister-in-law's bank balance.

"[Kanye] doesn't like Tyga's over-the-top lavish lifestyle," says a source. "Kanye told Tyga he needs to 'tone that shit down' and 'You're not Oprah, so stop fronting and pretending like you have her wallet.'"

Cheat's guide to all the goss!

Sean and Madonna in happier times

ARE MADONNA AND SEAN BACK TOGETHER? **1**

Sean Penn may have just split from Charlize Theron, but won't be single for long!

We hear the 54-year-old has been reunited with his ex-wife Madonna, after her son Rocco, 15 – who did hurricane relief work with the actor in Haiti – played cupid.

"Within a day of the break-up, Rocco was calling Sean, begging him to ask his mum out," spills an insider. "Sean has always loved Madonna. He thinks she's the only woman strong enough to handle him. They're planning a vacation together with Rocco before her [Rebel Heart] tour begins in September."

Drake gives anti-Meek fans the stage in Toronto

2 IS DRAKE AND MEEK'S FEUD OVER?

Not a chance! In fact, the beef between Drake and Nicki Minaj's beau Meek Mills has turned downright dangerous!

After Drake projected a series of Meek tweets and memes on the big screen during his recent gig in Toronto, two people were shot dead at his afterparty at nearby Muzik nightclub.

And according to gossip website MediaTakeOut, that same night, Meek cryptically tweeted, "Twitter fingers have turn back into trigga fingers," before quickly deleting it.

Woah, shots fired indeed!

Has she lost the plot?

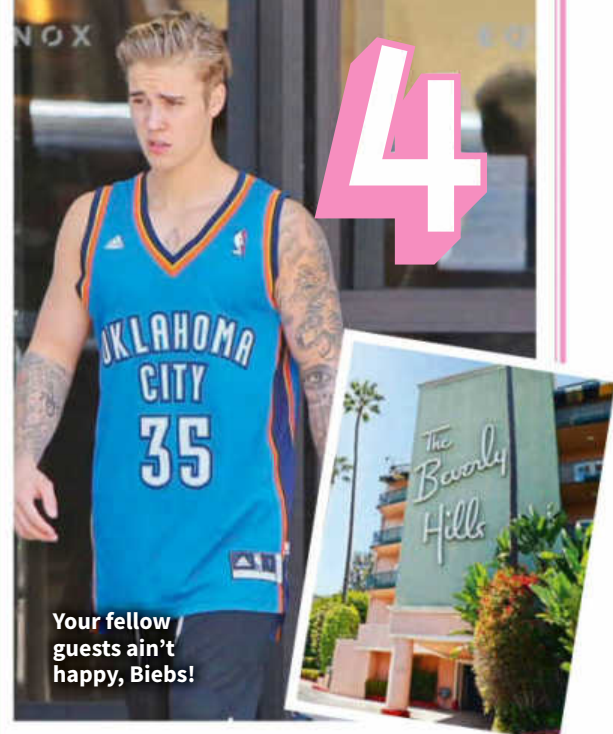

KESHA BACK TO REHAB? **3**

She successfully completed an eating disorder and alleged alcohol abuse treatment last year, but it looks like Kesha may need a second stay in rehab!

"[She's] been acting really strange lately," spills a source, "Kesha was just telling another friend that she needs to go back to rehab, so it would make total sense if that's what she did."

Drake, Will Smith and Kanye LOL over the memes backstage

Your fellow guests ain't happy, Biebs!

IS BAD BOY BIEBER BACK?

Sounds like Justin Bieber's goody two shoes act lasted all of two seconds!

Despite apparently making an effort to stay out of trouble, we're told the 21-year-old pop brat has been raising merry hell at the Beverly Hills Hotel lately, where he's been staying while he records his new album.

"He's always driving his fancy cars like a maniac through the parking lot. We hear his screeching as he races by," spills a guest. "He stinks of weed. Not only does his room smell, but anyone who shares an elevator with him notices. He tries to hide it with tons of cologne, but that makes it worse. Plenty of families with children stay here. Justin needs to clean up his act."

5 WHICH ACTRESS IS WINNING THE BLOG WARS?

That would be Reese Witherspoon, thanks to her new website Draper James!

We're told her lifestyle hub is doing better than Gwyneth Paltrow's "preachy" Goop and Blake Lively's "pricey" food and clothing site reserve.

Burn! Needless to say,

Reese's tech-savvy rivals aren't at all impressed.

"Gwyn is really annoyed that Reese swooped in with her website and eclipsed Goop," spills an insider. "Both Blake and Gwyn are losing a lot of money and seething with jealousy at how successful Reese has been right out of the gate."

Blake's brand bombs!

It only launched in May, but Reese's website is killing it!

Goop's out of the loop!

This week's **BIG** QUESTIONS

Cheat's guide to all the goss!

IS BEY HAVING A BABY?

Rumours of baby number two for Beyonce and husband Jay Z have been swirling for months now, but the chatter hit fever pitch recently when Bey stepped out in New York apparently attempting to hide her swollen-looking tum with a laptop.

We're not holding our breath for an announcement any time soon, though. Given Bey suffered a miscarriage before falling pregnant with daughter Blue Ivy, three, she'll no doubt be cautious about going public prematurely.

"She's barely showing, [but] she's paranoid that some will pick up on it," spills an insider. "They've gone through so much to get here that they don't want to jinx it by telling everyone before the three-month mark."

6

Baby on board?

The source says Blue can't wait to have a brother or sister!

WHAT'S JESS AND ERIC'S STANCE ON BODY HAIR?

7

The less the better! Yep, hair-hating Jessica Simpson and her husband Eric Johnson will go to any lengths to keep their bodies fuzz-free.

In fact, we're told the couple have a waxing specialist come to their home twice a week, and it's turned into a sexy bonding activity for the duo.

"They love the look and feel," says our insider. "She has everything done – arms, bits, pits, face, toes – even her hairline.

"Eric gets his ears, fingers and toes done, plus his hairline. And, yes, his back, crack and other bit, too!"

ARE AMY AND J-LAW THE CUTEST BFFS?

They're two of the funniest, goofiest gals in Hollywood, so it was only a matter of time before Amy Schumer and Jennifer Lawrence became besties. Yep, *Trainwreck* star Amy recently has posted snaps to Instagram of the two of them enjoying a girly vacay in the Hamptons!

"Jlaw #maniac," Amy captioned a photo of them jetskiing together. "Human pyramid," she wrote of another. Jelly, us? Hells yeah!

WHY'S LINDSAY BEING SUED THIS TIME?

9

Another day, another pricey lawsuit for troubled Lindsay Lohan!

This time it's coming from former personal assistant Jesse Peckham, who's suing for lost earnings totalling \$7000 after working for the actress in London last year.

According to Jesse, the 29-year-old's bizarre mood swings and "insane" demands forced him to resign just two months into his three-month contract, but he never got paid.

Yikes! That won't be music to LiLo's ears...

"Lindsay says she's done with being a target and wants to prove to the world once and for all that she's a normal person, not a deranged diva who makes everyone's life a misery," spills our insider. "But Jesse has a ton of evidence."

Horrible boss?

Jesse claims LiLo also hurled insults at him, but she says the claims are "wholly untrue".

Mamma's boy

Jackson was just nine days old when Charlize brought him home.

10

HOW DOES CHARLIZE MEND A BROKEN HEART?

By adding a daughter to her brood, that's how! Just two short months after splitting from fiancé Sean Penn, we hear Charlize Theron has adopted a second child – a little girl she's named August.

Aww!

And it's not the first time she's opted for a baby to heal the heartache following a painful break-up.

In 2012, Charlize adopted her adorable son Jackson, now

three, just months after her spilt from Blake Lively's now-husband Ryan Reynolds.

"I always knew I would adopt. Always," Charlize said shortly after Jackson came into her world.

"I'm so open to anything in my life. I was never like, 'Oh God, no, just one.' I was always kind of open to whatever kind of happens."

But when will you be taking us home with you?

This supermodel seems to be getting younger with age! "Heidi's skin is vibrant and she physically looks great," Sydney strength and speed coach Jake Lynch tells *NW*. "She seems to look after her body well and she's clearly on top of her game when it comes to exercise. Check out those abs!"

TARA REID

Years of hard partying and extreme dieting have clearly taken their toll on the actress, as have botched boob jobs and lipo. With a trove of anti-ageing treatments at their well-manicured fingertips, these celebs' appearances can be deceptive!

LENA DUNHAM

Girls star and creator Lena has started hitting the gym in recent months, as you can see from her Instagram feed, but Jake says she needs to focus on her diet, too. "Her nutrition and water intake might be out of check," he adds. "The lack of skin and muscle tone makes her appear older."

LINDSAY LOHAN

According to Jake, the actress – who's been accused of airbrushing her Instagram shots – needs to start working out to improve her overall health. "Partying and rumoured surgeries have resulted in Lindsay's body looking much older than it actually is," he explains. "She also needs to work on toning up the muscles and cutting down on sugar and salt to help beat the bloat."

CHARLOTTE CROSBY

Despite years of yoyo dieting, Charlotte's abs are looking fab. But Jake advises the *Geordie Shore* star to ditch the grog, which can dehydrate the skin. "Alcohol takes its toll on the body," he notes. "A combination of late nights and alcohol over the years can cause problems, although it seems like Charlotte's trying her best to reverse the effects by working out and detoxing."

She's been accused of copying big sis Kim Kardashian, so it's no wonder Kylie looks more, er, grown up than your average teen! Her body's in great nick."

BECKS BRE PRO

The former soccer stud is bored of playing stay-at-home dad!

Uh-oh – David Beckham is in the doghouse! Despite promising to let his missus-of-16-years Victoria take her turn in the professional spotlight, naughty Becks has sneakily gone and landed himself a film career! That explains why Posh flat-out refused to join Becks in the UK for director Guy Ritchie's wedding to Jacqui Ainsley, instead staying in LA with the kids – especially as it was Guy ignited David's acting ambitions by giving him a small part in his upcoming flick *The Man From U.N.C.L.E.*

"David's plan when he retired was to be a full-time dad while Victoria concentrated on building her fashion empire," says our insider.

"He's been doing that for a while now, but it's gotten a little frustrating because it limits what he can do outside his family."

Welcome to Vic's world, David!

While there's no doubt the retired soccer ace, 40, desperately loves his kids with 41-year-old Victoria – Brooklyn, 16, Romeo, 12, Cruz, 10, and Harper, four – former England captain David

LA

After the successful launch of her flagship London store, Victoria's been looking to expand her brand Stateside.

LA vs England

The warring pair are also at odds over where to call home!

HOUSES

We're told Posh has fallen in love with a \$38 million nine-bedroom mansion in LA.

After selling Beckham Palace in 2013, they bought a six-bedroom house in Holland Park, West London.

"I miss LA!" sun-loving Victoria announced after the family relocated to London. "I love America!"

BEST FRIENDS

Being in the US helps Vic network with pals like Eva Longoria, and find jobs for model son Brooklyn.

His besties Dave Gardner and Guy Ritchie are there. "To do normal things like go to the pub with my mates is great, he says."

Mad mum

Vic is livid that David's already growing tired of his role as a full-time father!

AKS HIS DMISE!

has hinted that boredom is setting in, declaring, "I've become a taxi driver overnight."

"David's still having a hard time adjusting to life after soccer," continues our insider.

"While he adores the kids and loves spending time with them, his big dream right now is transitioning into acting.

"He's proud of how well Victoria's done with her empire but feels strongly that he needs to focus on his dreams, too.

"They'll have to figure out a compromise." ■

LONDON

David loves being in London near his family and friends. Plus he's a soccer tragic and the US isn't exactly known for major teams.

Down-to-earth Essex boy David (left, with his mum) loves hitting his fave pie and mash shop.

Could Guy's wedding guests be any hotter?

Brad, tailor Roberto Girombelli and David

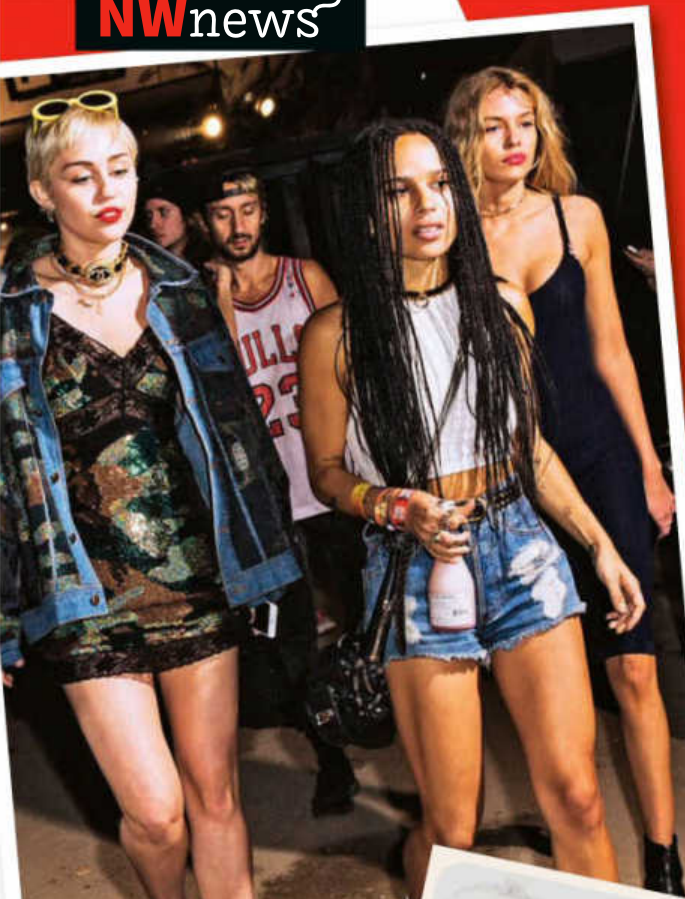

Talk about a gathering of gorgeousness! Guy Ritchie had some seriously genetically blessed pals at his wedding to Jacqui Ainsley – including Brad Pitt, David Beckham, Orlando Bloom and Henry Cavill, as well as Jason Statham and his fiancée Rosie Huntington-Whiteley! The good-looking guests got snap-happy, too, posting plenty of photos of the happy couple, lush countryside venue and each other for our perving pleasure.

Hey, it's the next best thing to being there!

'Don't you love it when the party has an open bra?!'

Victoria's Secret, eat your heart out...

RiRi runs this town!

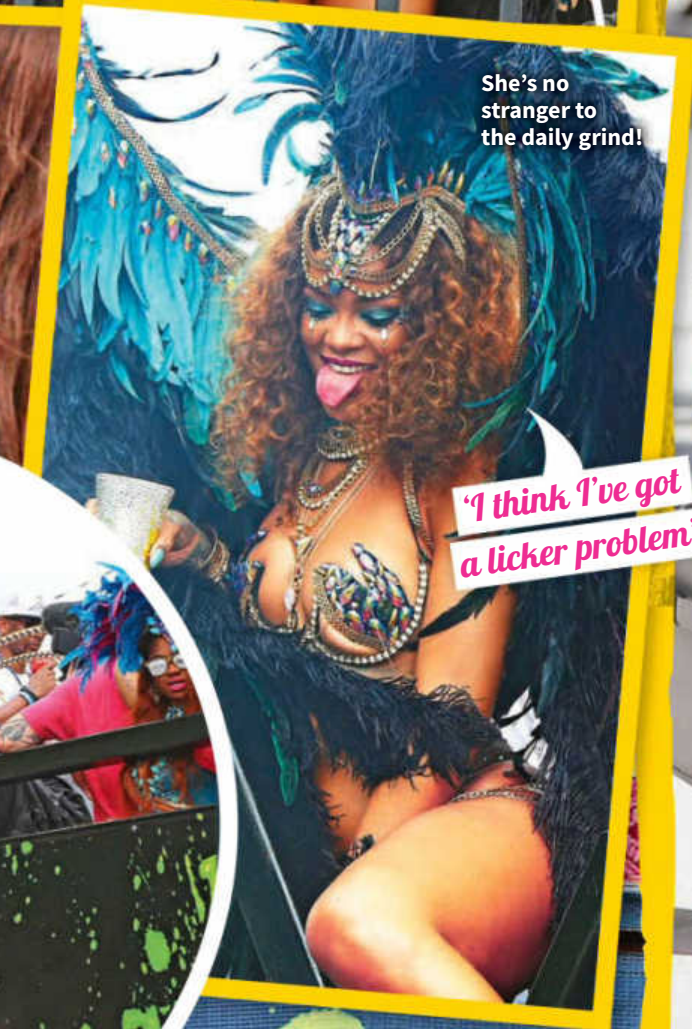

Rihanna sure loves to party – in fact, it's in her ancestry. The diva's hitting up her native Barbados to join in the annual Kadooment Day parade – the climax of the annual harvest festival. And boy did she make her presence known! Sporting a fierce, feathered headdress, and bejewelled bikini incorporating a dog collar and wings, she shimmies, sips and selfies her way through the street festival on a float. It's a good thing her new F1-racer beau Lewis Hamilton is used to life in the fast lane!

Guess who prefers to be on top!

Keep calm and carry on

Tennessee Toth doesn't look too impressed that even the offspring of the rich and famous have to carry their own bags. Or maybe it's just dawned on him that he's not going on a road trip after all, despite the T-shirt his A-list mum **Reese Witherspoon**'s dressed him in. You've packed a bit much for a stroll in Santa Monica, buddy!

'Stop complaining - I carried you for nine months!'

'So young, yet so much baggage'

OK, so the tee lied, but there's no need to get so shirty!

Hits and misses
of celeb style

HOT

**Reese
Witherspoon**

America's sweetheart has a simple equation for perfecting casual cool. A go-to print + plenty of white + a splash of colour + just a couple of accessories = a flawless about-town outfit every time.

NOT

**Lena
Dunham**

While we love the summery colours on her dress, the shape isn't very flattering on poor Lena and the pom-pom shoes clash badly. Fire your stylist, girl!

HOT

Gwyneth Paltrow

The cut and print of this dress give it sweet '70s vibes, which Gwyn finishes with straight, centre-parted hair and wedge heels for a flattering, modern hippie look.

NOT

Rachel Zoe

Much like a python would shed its skin, we hope Rachel sheds this Woodstock-wannabe kaftan to reveal something more attractive underneath.

HOT

Victoria Beckham

The detailing on this otherwise simple smock is awesome – and a welcome burst of colour for VB! Wedges keep it casual for day wear, but we'd still love to hit the town in it!

HOT

Kiernan Shipka

With her cute puff skirt, silver accessories and on-trend lob, the *Mad Men* cutie strikes that perfect balance of youthfulness and red-carpet glam.

Hot 2012 NOT

HOT

Jessie J

It's hard to work more than one focal point in an outfit, but by keeping the robe and clutch relatively simple, Jessie's pulling off dramatic make-up and knee-high stiletto boots!

HOT

Tyra Banks

With that short, sharp haircut, and the structured, asymmetric dress, Tyra's rocking powerful style like a boss! Her sleek cat's eyes and red lips are on theme, too, and we love the hint of red in the stunning shoes.

HOT

Miranda Kerr

Could this outfit be any more romantic? Soft-pink lace, a floaty fit, loose waves, a gentle blush in the cheeks... Yep, Mazza's nailed sweet and pretty. All she needs now is a suitable Romeo!

NOT

Andie MacDowell

Oh Andie, you're normally such a stylish lady – what's going on? From the orange top to the peach pants and candy clutch, none of these colours are coordinated!

HOT

Nicole Scherzinger

Nic's all about Central American cool in this relaxed powder-blue blazer-and-shorts combo and classic Panama hat. The pop of coral on her lips and the no-nonsense block heels finish the look beautifully.

NOT

Jenny McCarthy

There's so much happening in this outfit. Between the fuchsia and purple hair to the studded top and horizontal lines from toe to thigh, we don't know where to look!

Who wore it best?

Celebs go head-to-head in a fashion face-off!

Kendall Jenner

With the structured shoulders and more fitted sleeves, Kenny's version of the dress creates a flattering silhouette, but the overall effect is still kinda witchy – especially with her hair scraped back like it is.

30%

Chanel Iman

The warmer colour, larger keyhole cutout, extra perforations and lack of heavy button detail make Chanel's dress easier on the eye and much less gothic. She's also gone for smooth hair and simple, strappy heels for a chic finish.

IS THE NEW BLACK

Lock down a bod as hot as Ruby's!

Model TV presenter and actress Ruby Rose has been dropping jaws the world over since scoring a role on *Orange Is The New Black*.

But while her undeniable talent and impossibly good genes helped pave the way, you don't get that successful, healthy and toned without plenty of hard work, discipline and dedication.

"I work out, I eat, my weight fluctuates. I'm a healthy eater, I eat organic," spills the 29-year-old. "I don't eat red meat or really processed foods. I'm gluten intolerant, so I'm pretty strict."

But while that takes a lot off the menu, nothing's left by the wayside when it comes to working out – which she does quite a lot of!

"I go to the gym once or twice a day at the moment, because I'm trying to get back into that mentality," says the Aussie, although she admits to hitting the gym a more

'I WORK OUT, I EAT, MY WEIGHT FLUCTUATES'

reasonable four or five times a week when she's not faced with the prospect of shooting those nude shower scenes!

Read on to find out how else she keeps that jailbird bod in tip-top shape...

Shake it off

"I listen to Taylor Swift while I do cardio," Ruby says. "She gets me in the zone!"

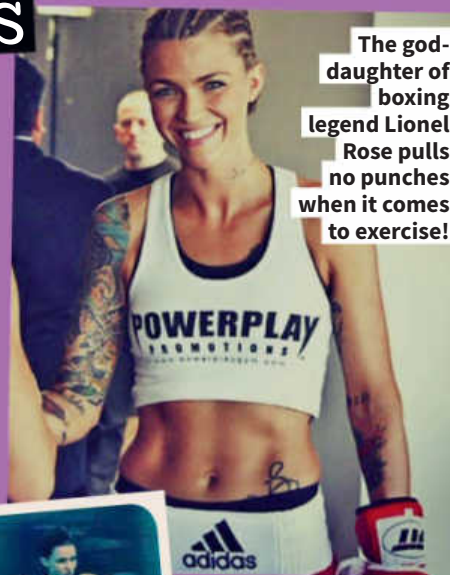

Ruby's moves

Exercise does more than keep you in shape and shield you from illness – it also makes you feel darn good!

"I love doing weights, I can just spend forever doing chest and arms and back and legs," says Ruby, who also enjoys Pilates and perfects her jailbird jabs by boxing with a trainer.

And before she filmed that nude scene on Orange?

"I SoulCycled for a week!" she reveals.

The god-daughter of boxing legend Lionel Rose pulls no punches when it comes to exercise!

Model prisoner

From parachute running to football, Ruby's all about keeping active.

Immunity overhaul

Gluten intolerant and vegetarian, Ruby supplements her diet with lots of vitamins. "I used to get sick a lot," explains the beauty, who has since boosted her health by cutting booze and upping sleep.

"I take Metagenics E500 Tocopherols Plus Selenium because as a vegetarian I don't always get all the vitamins and everything I need."

1

Zinc

"Zinc is great for the brain," says Ruby, who has battled depression.

2

Magnesium

For energy, muscle recovery and combating stress.

3

Vitamin C

"Vitamin C is great for the body and whole immune system."

4

Vitamin B

"I get vitamin B shots in the bum," she says. But, er, you can also take it as a pill.

5

Melatonin

She takes liquid melatonin to help with sleep, jetlag, depression, anxiety... Pretty much everything!

See your doctor to find out whether supplements are right for you

TIP

Ruby's replaced meat and processed foods with more fruit and veg for extra vitamins.

YOUR Stars

The week ahead with **Adele Lang**

Leo JULY 24 – AUG 23

Don't be tempted to spend over the odds in coming days. A temporary blip in your House Of Money suggests you'd be wise to pull out of deals or investments if the price isn't right. Over-extending yourself isn't likely to pay off in the near future, or even later on.

Virgo AUG 24 – SEPT 23

Although you're usually quite work driven, planetary patterns suggest you'll be less motivated this week. This isn't such a bad thing. Focusing on loved ones will strengthen important bonds. Plus, employers and colleagues might realise how much you've done in the past.

Libra SEPT 24 – OCT 23

Love planet Mars could make you rebel against people in positions of power. This doesn't just mean employers, parents or police. In fact, it's a partner or lover who is more likely to feel your wrath. Over the next seven days, you want equality. And you might just get it, too.

Scorpio OCT 24 – NOV 22

This week it's important to be there for your friends. After all, they're likely to have done lots for you in recent months. Yes, work might be frantic and family demands aren't insignificant, but dashing to a pal's rescue should be made a priority for the sake of good karma.

Sagittarius NOV 23 – DEC 21

Try to avoid mixing business with pleasure this week. Yes, you're so career-driven that it's hard not to mix with colleagues after hours. But less-than-stellar influences signal problems for Archers who can't detach. Surely you have a few friends who aren't from work.

Capricorn DEC 22 – JAN 20

Astro-trends indicate interesting times for those Capricorns who haven't yet settled down. You might not meet the love of your life in the next seven days, but connections leading to your significant other will be made. Don't shun new people, places or events.

Aquarius JAN 21 – FEB 19

Pay rises may not be forthcoming in the immediate future, but some kind of promotion almost certainly is. As much as you might be in need of financial recognition as well, you're just going to have to be patient. Enjoy the praise and have faith that the money will follow.

Pisces FEB 20 – MAR 20

Even though you fishy folk are born romantics, Mercury reckons you're about to become a lot more pragmatic about love – you'll swoon for people who can fix your plumbing, rather than those who bring flowers and whisper sweet nothings.

Aries MAR 21 – APRIL 20

According to planetary patterns, romance is looking good. Partners will be a lot more attentive and – miracle of miracles – might even be ready to make a big compromise. A wise move on their part, perhaps, since you haven't been the easiest person to be with of late!

Taurus APRIL 21 – MAY 21

You may have a breakthrough with an estranged family member this week. Rifts won't be healed overnight – especially if you refuse to come to the party – and blood ties who are on your side will need to be cooperative as well. A united front will give everyone some hope.

Gemini MAY 22 – JUNE 21

Jupiter's move into Virgo at the start of the week could make you overly critical of a partner or suitor. Being a perfectionist has its place, but not when it comes to affairs of the heart – which you know can't be controlled. More tolerance is required from you right now.

Cancer JUNE 22 – JULY 23

Lunar activity should work in your favour when it comes to team efforts at work or group activities after hours. With your charm and good looks, people will be falling over themselves to keep you sweet. Abuse your power, however, and you'll quickly lose it again...

Bella Thorne

'I'M ALWAYS THE MEAN GIRL!'

DVD

She's not to be messed with!

The halls of high school can be a cruel, cruel place – and no-one knows that better than **Bella Thorne**. After all, the 17-year-old's made a name for herself playing high-school hell-raisers in a bunch of flicks and TV shows.

Besides playing the teen queen from hell in *Alexander And The Terrible, Horrible, No Good, Very Bad Day* alongside **Adam Sandler** and **Jennifer Garner**, she's had bad-girl roles in *CSI*, *Perfect High*, Disney flick *Frenemies* and the *Scream* TV series.

And she's at it again in *The DUFF* as mean girl Madison, who's determined to keep the school DUFF in her place.

So what's a DUFF? That would be the designated ugly fat friend... Ouch!

Did you know what a DUFF was before this movie? I had no idea. I'm pretty sure I've been a DUFF my whole life to my friends! **No way! You're so sweet in real-life, but you do a great mean girl...** I promise in my other movie roles I'm not going to be mean! I just turned down this other

Bella, Rebecca Weil, Robbie Amell and Mae Whitman face off in *The DUFF*

big movie because there's a mean character and that's what they wanted me for. I was like, "I can't do another film being a mean girl." There's a lot more to me.

How do you keep fit for roles? I'm a big fit person. I spend my hours at the gym... when I'm not eating! I love cheeseburgers, hot dogs and I'm not a huge fan of salads. I do love my vegetables though.

What's your biggest dream in life? I've always wanted to win an Oscar. I know it sounds ridiculous, but I will get there. I don't care how long it takes – I'll be on that stage at 75 and winning an Oscar!

The DUFF is out Tues on DVD & Blu-Ray

Chris Hemsworth 'I love being

SEX SYMBOL'

Taking a vacation from being a hero, the Aussie hottie proves he also has a funny bone!

We've seriously enjoyed seeing **Chris Hemsworth** swing his mighty hammer as *Thor*, but the actor's new comedy flick has him wielding something of a much saucier nature!

Prepare yourselves a cold bath, ladies, because *Vacation* – the latest instalment of National Lampoon's long-running series about the misadventures of the Griswold family – is all about Chris and his, erm, Not-So-Little Chris!

Yep, as up-and-coming anchorman Stone Crandall, who's married to Audrey Griswold (**Leslie Mann**), the 31-year-old spends

most of his time in various states of undress!

But, ever the down-to-earth Aussie, Chris confesses that the bulge in his character's boxers wasn't entirely natural...

"We went bold, ya know? Big and bold!" he jokes of the prosthetic schlong. "It was embarrassing, hilarious – and probably more for other people than me."

What a great sport!

We caught up with *People* magazine's 2014 Sexiest Man Alive to chat about everything from being a sex symbol to changing nappies and the real reason he moved home to Australia...

What was it like being named the Sexiest Man Alive? It's good to have a decent amount of recognition so you can be trusted to play the lead in a

film. But there will always be another sexiest guy lurking around the corner!

Playing hunky action heroes has made you a huge star, but *Vacation* is a pretty different sort of role to what we're used to seeing you in...

I've always had a healthy sense of humour. I love comedies and it's been one of my goals to do a film like *Vacation*. It was an opportunity to shake things up and not worry about bulking up or training for six months! I could just relax and enjoy my time on the set.

You recently splashed out on a home in Byron Bay, NSW. Why did you decide to return to Australia?

It's the best place in the world for kids to grow up. I want to be able to give my wife [actress **Elsa Pataky**] and children the best

life possible, and to be the best husband and father possible. That's my goal. Having some financial security made the decision to come back to Australia easier. I appreciate being on the coast and not in a big city.

How has fatherhood changed your overall outlook on life?

I'm less selfish and less self-absorbed. You don't have time to worry about nonsense,

because the happiness of your family is your priority.

Tell us about your three-year-old India.

And what about your 17-month-old twins Tristan and Sasha?

Well, there are lots of diapers! We've already spotted a few personality differences. One is a bit calmer, while the other has more of a temper and is sensitive to everything.

Aww... Family is obviously really important to you. Do you and your brother Liam ever get competitive about roles?

There's no rivalry between us when it comes to acting. But we are pretty competitive when it comes to football or cricket!

Is Cait all fake?

The reality star's not keeping it real at all!

Early reviews of Caitlyn Jenner's reality show *I Am Cait* praised the 65-year-old for the lack of OTT Kardashian-style scripting, but now it seems they may have handed out the gold stars a little too soon!

An insider close to the Kardashian family is questioning the authenticity of the show, revealing Caitlyn actually held auditions for the roles of her transgendered friends.

"Caitlyn didn't just meet all these already-famous transgender people by accident," the source says. "Of course they were cast, and yes, they are getting paid."

According to the insider, even Candis Cayne, Caitlyn's new bestie, had to go through a selection process to make it on the show. Luckily, though, the admiration they have for each other is real.

"It's great chance that Caitlyn and Candis really have hit it off and are actually BFFs now," says the insider.

And what of whispers that Caitlyn and Candis are more than just friends?

"Candis is a beautiful woman," Caitlyn gushed in a recent interview.

"But as far as dating and the future, I have absolutely no idea."

No rush, Cait. You just keep doing you, girl!

Uh-oh! Things are going from bad to worse for Kim Richards.

The 50-year-old former *Real Housewives Of Beverly Hills* star spent the night in jail after she was allegedly caught trying to shoplift more than \$800 worth of goodies from a Target store in LA. Yikes!

Heather

The foxy frontrunner's on the receiving end of some catty comments

Well that escalated quickly. In the blink of an eye, the tide

has turned for early favourite Heather, with her fellow Bachelorettes throwing major shade her way last week.

But it seems there's more to it than what we're seeing on the show, with whispers doing the rounds that the 29-year-old has also been the victim of behind-the-scenes bullying.

Not one to let negativity get her down, though, Heather tells NW just how she feels about the in-house backstabbing and reveals the sad events that led her to being stronger than ever...

'IT'S A SHOCK WHAT'S SAID BEHIND YOUR BACK'

You've said your motto is "Just be nice. And if you can't be nice, shut up." What has it been like watching the girls in the house

talk about you behind your back? It's always a shock hearing what people have said behind your back and not to your face. Normally, when people talk behind your back, you never know what's being said, so you don't really care. But I'm not surprised there were hurt feelings.

What do you think is behind the mean-girl behaviour?

People feeling hurt or scared. That's going to happen, insecurities are going to come out, so I'm not taking it as an attack on me. It's more of a reflection on how much they like Sam or how they want to be liked. And we all judge. People

Claws are out

Bachelorette Jasmin even calls it "the Heather show". Miaow!

are going to judge me positively or negatively, and I've completely accepted that.

Have you always been liked?

I grew up in a little town in Queensland and I was bullied heavily because I didn't have any money. I had to start taking care of myself from a really, really young age, and I think most kids look at kids like me and go, "She's weird," or, "She's not cool," or, "She doesn't have this or that." I was bullied in primary and high school. I was bullied my whole life.

How did you rise above it then and how do you do it now? With bullying comes an amazing gift and that is resilience. The comments the girls are making on the show, they're nothing compared to what I got at school or what I've gotten in other situations. I don't let bullies get on top of me now.

Do you think you're being unfairly singled out in the house? I've never really run in a pack. I've never really felt the need to be part of the group or have people like me. If people do like me, it's awesome and I'm grateful. But if they don't, it's fine. We're never going to like everybody in this world. All I can do is be the best version of myself and if people end up liking that, it's icing on the incredibly tasty cupcake.

What have you learnt from the show? The biggest thing I've learnt is how to talk about the way I feel. That's always been a massive challenge for me – in relationships, friendships and life. I have to have a new level of honesty with people about what I want and don't want. I wonder if I'd have learnt that lesson if I hadn't said yes to doing the show...

Any regrets?

None at all. I've learnt so much about myself and that's something you can never regret. I've grown a lot as a person.

Sam and Snezana take their attraction to new heights

FIRST KISS

Has Snezana found her father figure?

She admits she was quaking in her stilettos when faced with the prospect of telling Sam she's a single mum, but it did nothing to dampen his passion when he snogged Snezana in a hot-air balloon last week!

"There's definite chemistry there," gushes Sam, 34. "There was a real connection and I wasn't even thinking about it."

So does that mean Snezana, also 34, has found the perfect stepdad for her nine-year-old daughter Eve?

"If that's not what he's looking for, there's no point," says Snezana. "I normally tell someone straight away that I have a daughter. I don't want to waste someone's time and I don't want my time wasted if they're not interested in children."

Well it sure looks like Sam's interested! After all, he's stated time and again that he wants a big family, plus he works with kids, so he's had plenty of training!

What's more, the smitten Bachelor's making sure brunette Snezana knows he's taking their relationship very seriously given the fact there's another little person involved.

Well played, Sammy! As for whether or not it will be a blended family Christmas this year, watch this space...

He's not about to let a little thing like *DWTS* spoil his fun!

Someone call the police! The fact that we'll

no longer be able to see Tim Robards' super-fit physique on *Dancing With The Stars* is nothing short of criminal!

The former Bachelor was kicked off the show when judge Todd McKenney mercilessly ripped into his samba routine, cruelly telling the hunk he "hated" his "hard to watch" performance!

Gee, we happen to think he's pretty easy to look at, Todd...

Armed with a box of tissues to comfort the 30-year-old chiropractor, we checked in to find out how he's holding up, what he'll do when he next sees Todd, and whether the roasting has put him off dancing for life...

We still can't believe you got kicked off the show! Yeah, it was my time – my time was up. There's sometimes a higher order in the world of

TV, but I definitely had fun and went out with a bang. **Todd certainly didn't hold back – his comments must have been hard to hear...** Oh yeah, that last night was pretty tough. Whatever their reasons for outing me, that's how it goes. I don't think there was one positive thing said by anyone! But I had fun and that's all that matters.

Did you have to face Todd after the show? The judges went home straight afterwards, but I don't know whether Todd would be seen near me anyway!

What do you think you'll say to him when you do see him next? Oh, there'll

be no words – it will just be physical! Nah, it was all good. Look, he's got his job to do, so he's got to do what he's got to do. That's the TV industry, you know. He's got to be the villain.

So you'll live to samba again another day? Yeah, I would like to keep dancing, I really enjoyed it. It would just be good to do it on my own time without having the

LAURINA'S Bachelor lowdown!

Friends vs lovers!

"Sam certainly got to experience two very different dates last week... and two different kisses! When Snezana told him her name means 'Snow White', it left him spellbound! He went giddy and fuzzy, then went in for the kiss! It would be really inspiring to see a single mum win the race. Heather and Sam clearly get along, too, but I thought the date Heather organised was a bit lame. Calling a guy 'dude', 'mate' or 'man' just doesn't have a sensual vibe. I think Sam will see someone like Snezana in a much more romantic light. It also helps that she's ridiculously gorgeous!"

You told Jess there were no cameras around, so you knew you shouldn't have done it, but you did it anyway. That's the kind of man who cheats on his wife.' Sam should absolutely be more respectful in front of the girls he's not interested in."

Customers have blasted Jess's sunscreen on social media.

Reporters get ready TO RUUUUUMBLE!

Following claims of bad blood brewing between Giuliana Rancic and her *E!* News replacement Maria Menounos, it seems the pair are in a full-blown Insta-war, with the newcomer mimicking a string of Giuliana's pics.

Not only did she follow her predecessor's landscape shot with one of her own, but she also did the same with a cocktail snap, finally taking a thinly veiled jab by

captioning the above copycat selfie, “Watch out – I’ve got my happy shirt on,” calling it a “good replacement”. Ouch!

Giuliana then fired back with a “happy” message of her own. Someone get the chill pills!

They said what?!

“It got quiet on the set there for a while.”

Christina Applegate reacted the same way we would to the sight of her *Vacation* co-star Chris Hemsworth's ripped rig.

“[Elise Loehnen] titled the piece *Conscious Uncoupling* and I had no idea.”

Gwyneth Paltrow blames her site's editorial director for that infamous Goop headline.

“I actually smile a lot.”

Really? Then why are yeti sightings more common than snaps of Kristen Stewart's grin?

FEELING THE DELOVEINGNE

We've seen Cara Delevingne grace the cover of UK mag *Love* before, but this time it's her sister Poppy's turn.

Not one to be left out, though, Cara conducted the candid interview, with Poppy revealing that her dream movie role would be Gollum from *The Lord Of The Rings* franchise.

“I’m amazed they didn’t even ask me,” she says.

Er, we’re not!

Keeping up with Disney

In the closest thing to a PG rating the Kardashian klan will ever get, US artist Dylan Charles Bonner has re-imagined sisters Kourtney, Khloe and Kim as sweet, innocent Disney princesses Jasmine, Rapunzel and Snow White. But money-minded mumager Kris doesn't get quite such a flattering deal – she's been depicted as *Sleeping Beauty* villain Maleficent.

BRITNEY *The movie!*

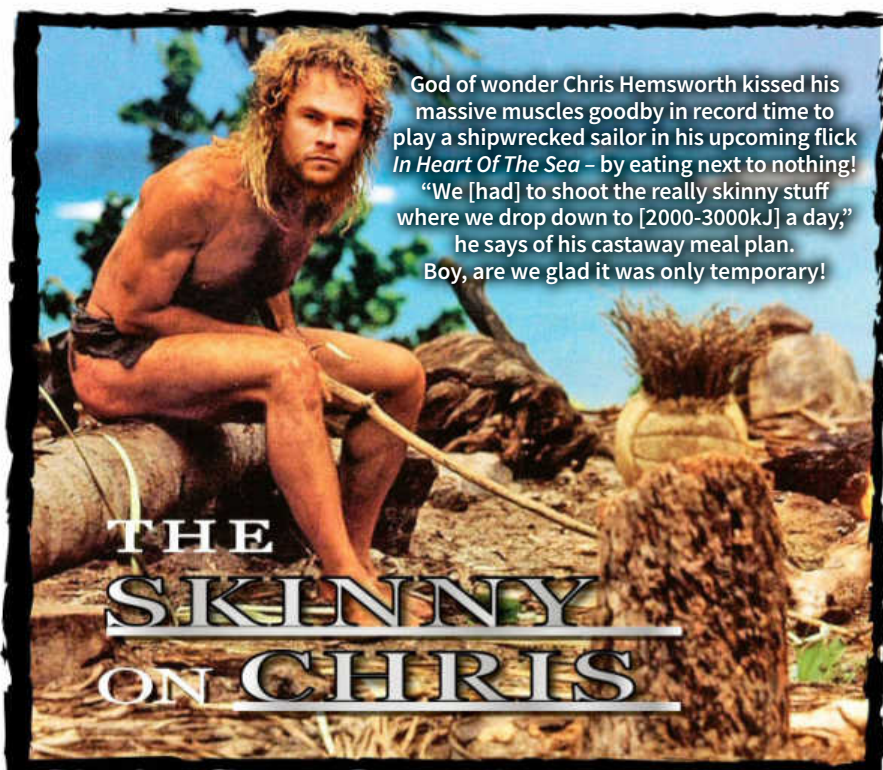

Britney Spears is desperate to persuade Hollywood movie bosses to help create an Oscar-worthy biopic of her life. What's more, she's thinking big when it comes to who plays her! Yep, big as in Jennifer Lawrence, Kristen Stewart and Natalie Portman have all made the singer's short list!

God of wonder Chris Hemsworth kissed his massive muscles goodbye in record time to play a shipwrecked sailor in his upcoming flick *In Heart Of The Sea* – by eating next to nothing! “We [had] to shoot the really skinny stuff where we drop down to [2000-3000kJ] a day,” he says of his castaway meal plan. Boy, are we glad it was only temporary!

Chrissy's naked ambition

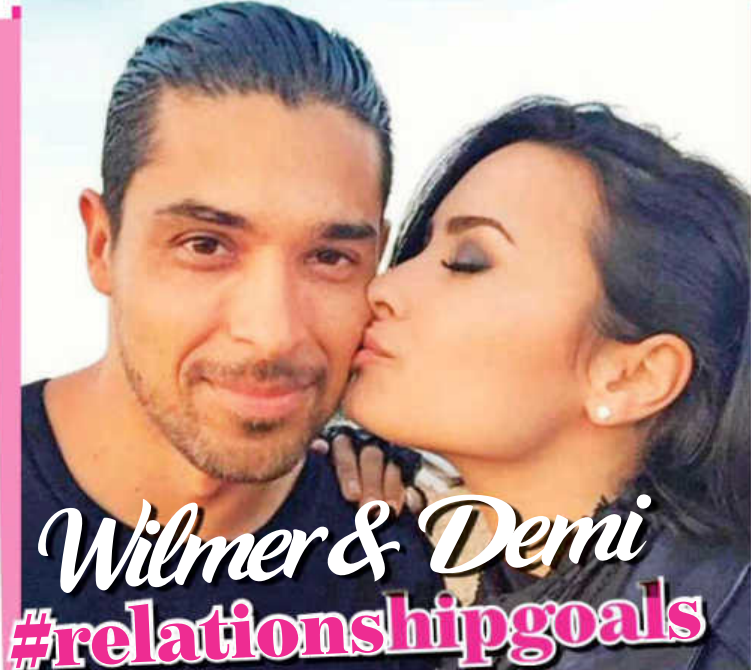

Wa-hey! Chrissy Teigen has ditched her threads once again – this time, for the Naked Issue of UK *Women's Health*!

But with not an inch to pinch, the model reveals in the accompanying interview that she may not be rocking a flat belly for much longer – as she and hubby John Legend are trying for their first bub! Body-confident Chrissy even says she can't wait to see her tum "getting bigger"!

Wilmer & Demi #relationshipgoals

Proving he's a keeper, Demi Lovato had us all shedding a tear when she opened up about her beau-of-five-years Wilmer Valderrama's unwavering loyalty!

"People told him, 'You should probably leave,'" she says, referring to her 2010 rehab stint for depression, an eating disorder and substance abuse.

"But he was like, 'I'm not leaving. This is somebody I really care about.'"

Demi also made us cry with laughter, though, sharing this hilarious snap of Wilmer twinning with her during his *That '70s Show* days. Nice knickers, buddy!
